

TAMWORTH MASTER PLAN MINUTES
for Wednesday, October 8, 2008

Chairman Tom Peters reported to the Tamworth Planning Board concerning the Tamworth Master Plan. Other Master Plan members present at the meeting were Ann Albrecht, Tom Cleveland, Pat Farley, Steve Gray, and David Little.

Master Plan Acceptance

The Tamworth Planning Board accepted the Tamworth Master Plan as complete and plans to prepare for the public hearing. Many thanks go to David Little for incorporating all the edits into the plan.

The Planning Board also thanked David Little for taking the trouble to deliver the Master Plan discs to each and every house.

Tom Peters will have 3 books printed and several discs made for Chocorua Library, Cook Library, and the Town Offices, immediately, so that residents can review the Master Plan.

Public Hearing

The date, place, and time of the Public Hearing is being planned. When it is confirmed, other notices will be sent out to everybody.

Public Hearing Preparation

Tom Peters is planning to do a power point presentation at the hearing. The Planning Board will help Tom with equipment, and David Little will assist with the computer aspects of putting the piece together.

At the hearing, the public will be able to comment and discuss changes they might want.

Meanwhile, advertisements are being planned for the newspapers, and committee members are looking for a good journalist to write a featured article. Tom Peters will write an article for Katy Thompson and Ann McGarity for the local papers.

Future Meetings

There will be more notices sent out when future meeting dates, times, and places are confirmed.

Respectfully submitted,
Ann Albrecht
Recording Secretary
