

Selectmen's Meeting
January 28, 2009

Call to Order at 6:30 AM at the Town Highway Garage

Present: John Roberts, William Farnum, Bruce Robinson, Judson Noyes, Philip Ames, Adam Robinson and Mike Remick.

The tool list for the highway garage was reviewed. The list will be typed and made ready to put out to bid by William Farnum. The bid will be due back February 3, 2009 at 10:00AM. List attached. The list is to go out to Ossipee Auto (NAPA), Sanel Auto Parts in Conway, and Sears of Redstone.

The Board discussed with Bruce Robinson the extended warranties for the six wheelers. It was agreed that the warranties are costly and that we have a capital reserve set up for such problems should they occur.

The Board discussed getting the air compressor piping done, by the town crew. Bruce Robinson will see that this gets done.

The Board requested to see the Road Agent in a piece of town equipment during storms.

The Board requested that the Road Agent get the fuel tank moved to the highway garage.

The floor drain at the garage was discussed and is to be kept plugged until the oil separator tank is in place. The trucks are to be washed outside. William Farnum offered to loan the highway department his high-pressure washer until the town can acquire one.

There was discussion on getting the plumbing in the bathroom done; Bruce Robinson said that he would call Jim Boothby.

Respectfully submitted,
William Farnum

Approved by Tamworth Board of Selectmen: 2/5/09
