How to Prepare Commingled Containers for Collection

- All containers must be rinsed and free of all contaminants. Items you place in your bin do not need to be scrubbed clean and labels do not need to be removed.
- Any removable corks, tops, rings, metal bottleneck wraps should be removed prior to recycling.
- Flatten containers whenever possible to allow more room in your recycling container and in recycling truck.
- Do not worry about broken glass or plate. Just place it in your bin and recycle it.

These Guidelines apply to materials brought to the Tamworth Transfer and Recycling Station
