- Department – Select Board Liaison Discussion – Lianne started the discussion with the thoughts that it would be productive for each department head would have a specific liaison. Discussion ensued and the following was decided: Building & Maintenance – Keats (this is happening anyway); Fire – Richard; PD – Lianne; Rec – Karl; Transfer – Goodson; Road - Roberts. Keats will send a group email to all departments – and will update the committee chart.

SELECTMEN'S UPDATE:

- **Doucette:** Nothing to report.
- **Behr:** Met with June Aprille regarding the TCNA building plan. It is in the very early stages of discussion. Before they can make floor plans, they need to know if we need incremental space. Prentice suggested making this an agenda item for next week to understand the implications. Behr noted that we can use it as, but if we needed to remodel TCNA would put the remodeling costs in their budget. Prentice pointed out that we should review the existing contract – so we can be clear on what the implications are of the choices to be made. Emery raised a question on who maintains the building? Prentice says we might want to renegotiate the contract, Behr said the building costs will be more expensive to run. Doucette suggested we complete an assessment of what the municipal needs are. Roberts asked if the warrant article would increase if the budget grew. Prentice, we need to understand the economic implications. Karl stated that the question for right now is can we use the space. How would it be used? We should all read the existing contract with TCNA. Keats to send a copy of the lease agreement. Karl also attended the Cook Memorial Library trustee's meeting. They have a lot going on and seem well organized. Float in the parade, doing the 5k race, and starting their summer programming. Possibly updating their policy on dogs in the library. Capital improvement program looking at the air-conditioning – to upgrade in 2023. Staff recognition for Peggy Johnson's 20th anniversary working at the library on the 20th of June. And they are working on their strategic plan.
- **Goodson–** went to the Economic Development Commission meeting on Tuesday. Discussed the broadband forum that they are working on. Discussed printing of business directory, decided to cancel July's meeting.
- **Prentice:** Met with Louis Brunelle who is the Town Health Officer and Chief Littlefield, learning what codes he uses to maintain health and safety. He was the police and fire chief so bring a broad background of experience. Of note: landlord rights, that he gets a lot of calls about trash in the year, and he is super clear that the rules are very specific about what he can enforce – unless is it a health hazard, they can have whatever they want. He is available to do the inspection of the trailer that the town owns, so we can see if it is in condition to be sold. Keats will schedule with Louis to make the visit to the Camper - we own the trailer, not the property it is on. First personnel committee meeting next Tuesday at 4:15, Kelly Rines and Linda Eldridge. Public meeting, work session.
- **Roberts:** Attended the Conservation Commission meeting on Monday evening. First time. Short and simple. Discussion on trail maintenance. Discussion about logging on a big piece of property between Durrell, Bunker, and Cleveland hill roads. The property has an easement.

PUBLIC INPUT: Kelly Rines would like to discuss the back and forth of non-public and public meetings. It is very inconvenient. Feels like there is a lack of professionalism. Raised concerns about disparaging small town businesses and people. Behr asked her to be more specific and stated he had no idea what she was talking about. Rines asked that people be more careful with reputation or comments. Rines

asked how long the personnel committee will be working on the personnel policy. Prentice stated she thought it would be about a year. Rines raised the fact that the Rec department is not having a summer camp. Roberts thanked her for her comments and added that we are having the same amount of non-publics as last year. Rines acknowledged this to be true. Roberts ended the public input session.

NON-PUBLIC: At 7:17 Roberts motioned to go into nonpublic – RSA 91-A:3 II session 1 (c), RSA 91-A:3 II session 2 (e), Goodson seconded, roll call vote: Doucette yes, Behr yes, Goodson yes, Prentice yes, Roberts yes.
