Fairpoint Communications

Maintenance Along Scenic Roads

The public hearing was opened at 7:22 pm. This is for work on Chinook Trail, which is a State Road. This was noticed, but it is not technically an application that we should be hearing. David made a motion to accept as complete. Dan seconded. APPROVED. Dan made a motion that this application is not applicable because this is a state road and does not fall under our jurisdiction of the scenic road ordinance. Eric seconded. APPROVED.

Map Review – Slopes and Land Use Constraints Map – postponed – no copies of the maps

Old/New Business ; Public Comment – David recused himself to make a public comment. David Little from Tamworth – to do with Scenic Road Regulation – regulates moving stone walls and cutting trees. In this case undercutting trees is not covered. Work is being done on Fowlers Mill Road. Trees have been avoided so far. The church wanted to limb a tree. People are trying to avoid going through the process. Perhaps the Board needs to look at the definitions.

A motion to adjourn was made at 7:27 pm by Eric. Seconded by Andy . APPROVED

Respectfully Submitted,
Melissa Donaldson
Planning Board Clerk
