

## **Tamworth Road Committee**

Draft Minutes – September 6, 2017

### ***Draft minutes to be reviewed and approved at a subsequent meeting***

**Call to Order** – Meeting came to order at 7:12 pm. Members present were Ron Remick, David Little, David Halpin, Paul King, and Chris Conrod. Members absent: Lori Gerard and David Bowles.

**Review Minutes** – Minutes of 06/07/17 and 09/06/17 accepted as written.

**General Business/Reports** – Chris reported on research he did concerning the meaning of 1802-05-03-00, which previously was interpreted to cover any roads that were built contrary to the recorded layout bearings and distances. Of the six specific instances mentioned in the article, Chris found five instances where there were one or more subsequent layouts of the same road sections. So, the term (to be exchanged where others have been laid out in its room” could be interpreted to be a discontinuance of the original (previous) layout. Agreed to reference this article in the descriptions of the presumably affected layouts and individual road reports.

### **Review Determinations & Add Justifications –**
