Thank You, Kelly Goodson!

The office of the Select Board would like to thank Kelly Goodson for her dedicated service as a Select Board member for the last 3 years. Kelly committed many hours to the Conservation Commission, Economic Development Commission, Lakes Region Planning Commission, as well as the Transfer Station Improvement Committee. Kelly's commitment to her Town during the most difficult times of the Covid-19 pandemic shows her perseverance and loyalty to her Town and it's residents. Thank you, Kelly!

Transfer Station Study

As part of the Recycling Center Improvement Project for the Town of Tamworth, Sanborn Head & Associates Inc. prepared this transfer station study to support the proposed development of a new transfer station and recycling facility in Tamworth, New Hampshire.

The objectives of this study was to evaluate 1) the traffic flow at the transfer station and 2) monthly solid waste and recyclable data and utilize it to project future traffic flow and solid waste and recyclable materials generation rates, loose storage volumes, and baled storage volumes for development and sizing of the new transfer stations and recycling facility. This report summarizes the processes used to preform this study and the results.
