Join the Team: Tamworth Commences Hazard Mitigation Planning

The Tamworth Emergency Management Director (EMD), and other town officials, will meet with June Garneau of Mapping and Planning Solutions to work on the required five-year update to the 2019 Tamworth Hazard Mitigation Plan. The Town and Mapping and Planning Solutions are conducting a series of Hazard Mitigation meetings to develop the plan over the next few months. During these public meetings, the Planning Team will address natural, technological, and human-caused hazards such as Inland Flooding, Long-Term Utility Outages, and Transport Accidents. The team will determine “Action Items” to help mitigate the effects of these hazards. The Team will also review shelter sites and the need for generators at those sites.
